NEWEST SMART SPOT DESIGN

We have the world's unique patent. The microbeams are scanned onto the skin in a spiral pattern (Specifically for superficial layers) Forms thermal protection zones between lines Promotes skin healing and shortens skin recovery time.

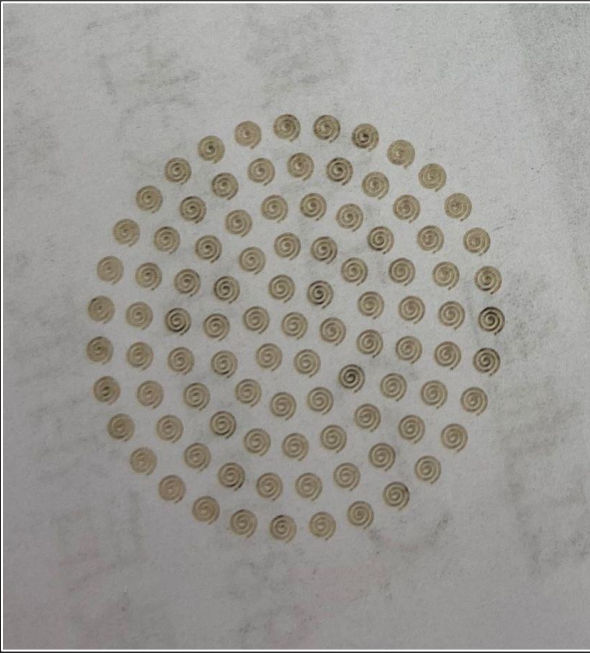

NEWEST SMART SPOT DESIGN

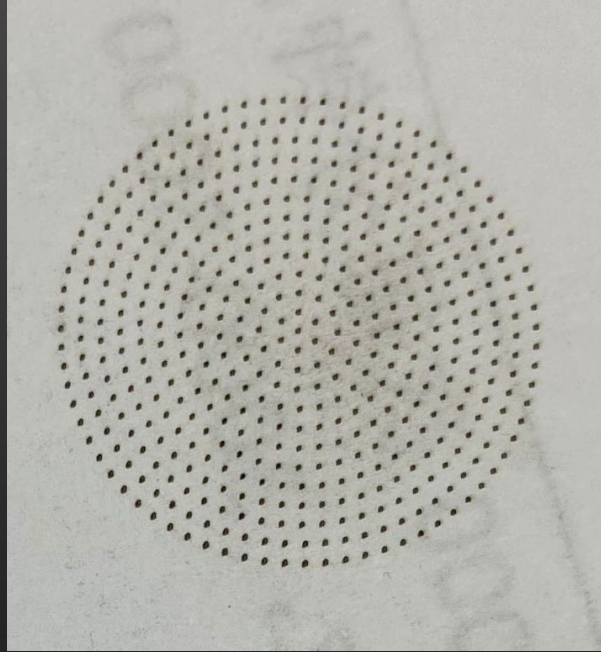

In the middle, this spiral shape Forms thermal protection zones between lines Promotes skin healing and shortens skin recovery time.

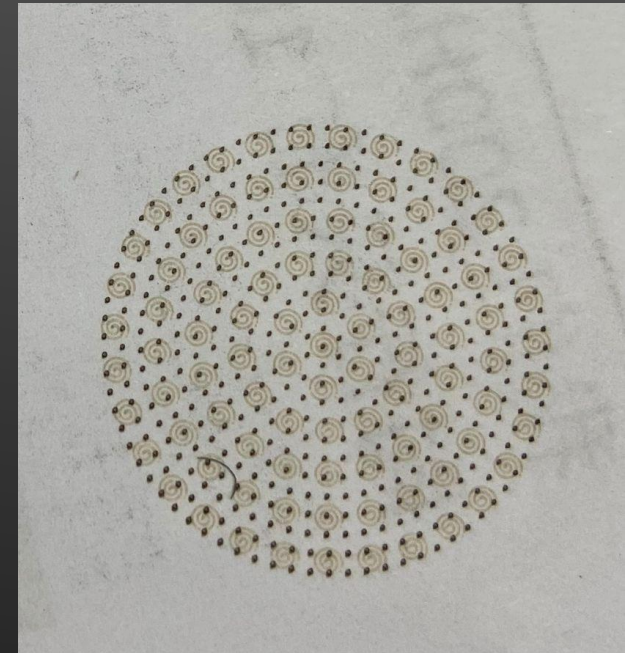

NEWEST SMART SPOT DESIGN

Superficial mode: Spiral shape, penetrate shallow skin, recover soon.

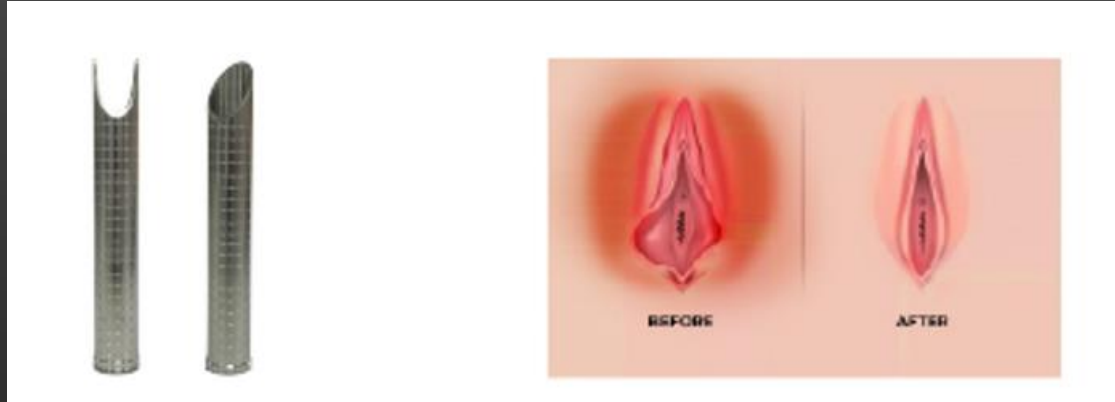

Deep mode: Penetrate deeper in the skin.

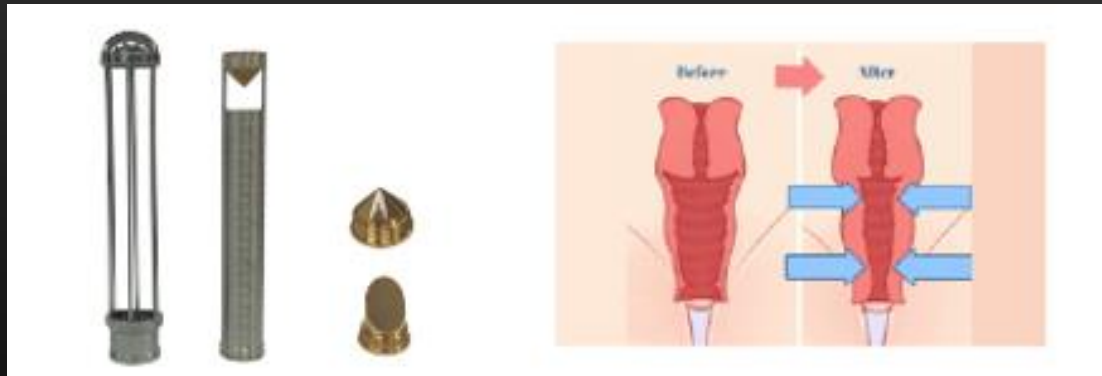

Mixed mode: Superficial and deep, it shots twice with dots and spiral line.

Gynecology Handpieces

Reshaping of the vulva / Postpartum perineal scars / Hypertrophy of the labia majora and clitoris Genital bleaching/ Stress urinary incontinence
